

Grab, Move & Cut HWP-275 GS Grapple Saw

Grab Them

The HWP-275 GS grapple saw's 37.5" opening can grab and lift downed trees, multiple logs or multi-stems making it your go-to, heavy duty attachment for cutting boiler fuel, clearing land and storm cleanup.

Move Them

Attached to your skid steer, tractor, front loader or excavator the HWP-275 GS's powerful jaws secure your load as you move it to the wood pile or storage area.

Cut Them

The HWP-275 grapple saw can **cut up to 36"** diameter logs while they are held securely. You can do it all from the safety and comfort of your host machine's cab.
